George M. Bacon, Esq.,
State Engineer, State Capital,
Salt Lake City,
Utah.

Sir:

I am advised by Mr. McBride, our local water commissioner, that on or about June 20, 1927, one, F. J. Weber, filed in your office an affidavit pertaining to waters from Boul Creek. I would like very much to have a copy of this affidavit, inasmuch as my clients, Mr. & Mrs. Columbus R. Hall, are very much dissatisfied with the division Mr. Weber made.

I am advised by Mr & Mrs. Hall that to date no measuring device has been installed in Mr. Pace's point of diversion on Boul Creek, consequently it occurs to me that Mr. Pace cannot consistently claim anything from any proofs adduced about such a device.

Very truly yours,
